

Heavy Duty Counter Series

Outstanding Performance, Streamlined Operations

Bring Your Passion to the Surface

Full-size power, performance and durability, streamlined with counter-series flexibility and convenience.

Take one look at the Heavy Duty Counter line from Garland and you will see quality and craftsmanship beautifully intertwined with 'full-sized' power, performance and innovation.

Designed from the counter up, the Garland HD Counter Series features an impressive array of equipment to meet the demands of any commercial foodservice operation, large or small. Equipment so robust it rivals floor models for power, performance, durability and reliability.

Configured your way!

Everything you need is available in a package and line-up that delivers results for your operation.

1. Easily adapts to your changing menu or operation.
2. Create high-performance work stations to speed up service and improve efficiency.
3. Designed to stand alone or configured in a power packed line-up.
4. Easy to install, clean and maintain.
5. Space saving solution to maximize square footage.
6. Designed to meet the demands of high throughput operations.
7. Sleek design for open kitchen concepts.

Garland's HD Counter Series offers a modular approach for improved kitchen operations and equipment flexibility. Side by side, they make an impressive high performance line up balanced with power, durability and style evident in every detail

Inspired by chefs, engineered by experts

Improved temperature management from a low of 300°F to a high of 720°F.

Patented, award winning heat provides quick, efficient heat distributed evenly beneath pots or pans.

Precise even heat, unmatched temperature control, recovery and power.

A counter-line up engineered to take the kind of punishment you dish out every day

The Garland HD Counter Series

King-Size Power in a Counter line-up that delivers power, performance, durability, quality, and style. The HD Counter line from Garland is perfect within a line up or as a full power stand alone. Now you can maximize your productivity, profitability and flexibility.

Open Top Counter Range delivers efficient, even heat and king-size power

Award winning Range Top features:

- 27" Industry leading depth provides the largest usable cooking surface
- Split ergonomic grates are easy to handle and clean
- Garland's exclusive two-piece 30,000 BTU Starfire® Pro Burner combines concentrated power for improved efficiency and heat control
- Balanced power burners offer precise and even heat for the lowest simmer to a fast boil
- Individual pilots are protected outside of the spill zone
- Sleek sculptured design for easy cleaning and maintenance
- 2 piece burner for clog free operation and easy cleaning

Expanded Cook Top:

Improved Productivity

At 27" deep, the HD Open Top Counter Range has the largest usable cooking surface in the industry. The grate design allows pots to slide easily across the surface from burner to burner. Split grates are easy to handle and clean. Fits 12" pots easily.

RANGETOPS

Two-piece burner

Burner splits apart for easy cleaning and clog free operation.

30,000 BTU Starfire Pro Burner

Concentrated power with precise even heat for improved efficiency and heat control.

Fully Protected Pilots

Individual Pilots are protected and situated outside of the spill zone.

Keeping today's foodservice operator in mind, the Garland HD Counter line-up has been engineered to help maximize the productivity, efficiency and performance your kitchen demands. Inspired by chefs and engineered by experts to maximize your cooking techniques by delivering power, performance and durability.

Counter Griddle features improved temperature control and recovery

Griddles:

- 1" thick polished steel plate for better heat retention
- 23" griddle depth with deep 4" wide grease trough
- Standard with piezo spark ignition
- Thermostat control models feature
 - 1) Temperature range 200°F (90°C) to 550°F (290°C) an improvement of 25°F at the higher end
 - 2) Shut off valve per thermostat control which gives the operator the ability to leave the control at the desired temperature from day to day without adjustment
- Options include fully grooved, partial grooved & chrome griddle plates
- Perfect within a line up or as a full power stand alone unit
- Configurations available for natural gas or propane installations

Even Heat Distribution

One burner and control per 12" or width means even heat distribution and years of trouble free service.

GREAT GRIDDLES

Temperature Management

28,000 BTU burner on our thermostat controlled models provides superior durability, heat retention and recovery.

Piezo Spark Ignition

Piezo spark ignition for safety and convenience all in one.

All Stainless Steel Design

Built-in durability every where, not just where you can see it.

Resetting the bar on Quality and Performance.

There are no limits with the line of Hotplates, Griddles and Broilers from Garland. Available in a variety of sizes the possibilities for your operation are almost limitless. Garland's superior temperature management system and burner design ensures even heat distribution, fast recovery and accurate temperature control every time.

Full-Power Broilers built to out last and out perform

Garland HD series broilers come in four widths and perform equally as well alone or banked with other HD series equipment. Built to last with an easy clean all stainless body and interior, cast iron radiants, burners and grates. Non-adjustable and adjustable broiler rack grate models are available in width sizes from 24" up to 60" . All models are available in natural or propane gas from 60,000 up to 180,000 BTU versions.

Radiant Broilers:

- With a temperature range from a low of 300°F to a high of 720°F, this broiler can do it all
- Reversible cast iron broiler racks in 3" wide sections
- Fajita rack option
- Adjustable and non-adjustable grates
- Two stainless steel 18,000 BTU tube burners with cast iron radiants, per 12" of broiler width

Ease of flexibility

Engineered to ensure the easiest, smoothest grate adjustability to support all your menu and customer grilling requirements.

Ceramic Briquette Broilers:

- With a temperature range from a low of 300°F to a high of 660°F, this broiler can do it all
- Reversible cast iron broiler racks in 3" wide sections
- Fajita rack option
- Adjustable broiler rack grates
- 30,000 BTU cast iron burners come one per 12" of broiler width
- Long lasting ceramic briquettes

Optional Fajita Pan

Thoughtful options such as Garland fajita pan add flexibility and productivity.

Durable Grates & Radiants

Heavy duty cast iron radiants and grates provide years of trouble free use. Two broiler grate options to meet a variety of product branding needs.

Flush Mount Manifold

All counter models have flexible option with a "T" plumbing connection for flush or standard rear gas installations.

Condiment Rail Option

All counter models are available with a condiment rail option. The rail is designed to accept 1/3 and 1/9 food pans (Food pans supplied by others).

BEST BROILERS

More than a century of world-class innovation and solutions from Garland.

In today's world, space is at a premium. Garland's HD Counter Series equipment can be placed on under-counter refrigeration or storage, allowing operators to achieve heights of performance and efficiency, while they lessen their load on labor and resources.

- Precise even heat and control - managed power for greater consistency and superior results
- Large variety of options and sizes
- Durable and reliable for many years of trouble free service
- A complete line of open tops, griddles and gas broilers
- Sleek streamlined design that can be proudly shown in any open kitchen
- Counter open tops set a standard for burner performance and versatility
- Broilers come in a full range of power options and widths, featuring unmatched temperature control and convenience
- Griddles are available with 3 plate options (chrome, partially and fully grooved). Standard with a polished steel plate and all griddles are 1" thick which offers superior heat retention and recovery.

A counter-line so intuitive and adaptive it helps you take food further.

Garland's HD Series Counter offers a modular approach for improved kitchen operations and equipment flexibility. You can choose to install the equipment on the counter, on a stand or on a refrigeration base

Equipment Stands:

- Stainless Steel 2" tube construction
- Solid top surface
- Solid lower holding shelf
- 24", 36", 48" 60" and 72" width
- Available with swivel casters (front locking/rear-non) or with adjustable feet

Refrigeration Base:

- Environmentally friendly R290 refrigerant
- Low profile freezer base or low profile refrigerator base
- Stainless steel interior back and bottom
- Exterior back, bottom and sides are constructed of galvanized steel
- Stainless steel exterior drawer fronts
- Available with caster or legs
