## Set a Place for Extraordinary

When it comes to dinnerware, you want style, strength, selection and value. Your customers want something special. We offer designs from casual to elegant to extraordinary – in materials that have revolutionized the tableware industry.

In total harmony with the Chef&Sommelier glassware, the dinnerware collections are also designed to enhance presentations. Specifically, offering a beautiful canvas to chefs' creations.

Offering a variety of materials and designs, collections are made made in Bone China, Stoneware or in Vitrified Ceramic celebrating the refinement, finesse and resistance within the Chef & Sommelier brand.

Over 200 Years of Heritage: Renowned craft potters, the prestigious Dudson brand carries a rich heritage dating back to 1800. With inspirational products recognized by chefs worldwide for their industrial toughness and authentic design.

Resistant to the pressure and intense pace of professional use, Arcoroc's dinnerware collections have many technical advantages that allow for optimal service.

Arcoroc makes resistance its priority. Collections offered in Extra Strong Porcelain are up to 2x more resistant than standard porcelain. Also, collections made in Opal, a tempered glass that is 3x more resistant than ceramic, is an ideal solution for a long lasting service.

Arcoroc dinnerware goes beyond the table with durable materials and innovative design solutions for sustainable take-away, oven ware and hot drinks, to cover all the needs of your establishment.

# Crafted Excellence

**Dudson Hand Crafted Collections** – Made in England and designed with industrial toughness. Every piece is individually glazed by hand leaving an original 'makers mark' on the reverse, highlighting the hand crafted nature.

**Durability** – All Dudson ceramics have a fully vitrified body which creates a "closed" structure. The result of this is a very strong and durable product.

**Bone China** – Brilliant translucence developed with bone ash for maximum strength in ceramic.

**Stoneware** – Vitrified stoneware ceramic made from clay and fired at high temperature(s) combining artisanal design with industrial strength.

**Fully Glazed Foot** – Pin firing. Fully glazed foot prevents scratching and cross contamination when product is stacked

**Stackability** – Product design specifically made for safe stacking.

**Extra Strong Porcelain** – Developed for professional use; superior mechanical resistance.

# Safeguard the Arc Way Developed by Arc

**Opal®** – Preferred by high volume establishments for strength, stackability, bacteria resistance, style and value.

**Fully Tempered** – Preferred by high volume establishments for strength, style and value.
